SIGNIFICANT EVENTS

Case Report 23-0286

On Jan. 16, at approximately 8:30 p.m., a female went to her ex's residence where she entered the unlocked apartment and subsequently took the couple's two year old daughter. The female was the subject of a protection order which prevented her from having custody of the two-year-old. The female later called the police. She admitted to entering the apartment, taking the two-year-old and leaving. That night, patrol officers and detectives attempted contact with the suspect at her last known address. They were unable to make contact with her or the child. On the morning of Jan. 17 the case was assigned to the investigations team for follow up.

Detectives worked up arrest/search warrants for the female, and identified relatives and associates where the suspect and child could have possibly been located. Brighton Police Officers were able to locate the child and the female, who was taken into custody. The child was returned to the father. In under 12 hours, through a strong effort by both patrol and investigations, the missing child was recovered unharmed and the suspect taken into custody without incident.

Case Report 23-0318

On Jan. 18 at 4:09 p.m., officers observed a stolen vehicle traveling northbound on South Main Street from West Bromley Lane. When the driver of the vehicle noticed the officer in their marked patrol car, they began driving quickly and making odd turns, attempting to get away. The officer activated their overhead lights in an attempt to pull over the vehicle. At this time, the driver accelerated. Due to the heavy snow on this day, the vehicle was sliding around and officers observed multiple residents outside snow blowing and shoveling. Due to the dangerous circumstances, the officer turned off their overhead lights and stopped following the vehicle.

Additional officers quickly responded to the area of the 3000 block of East Bridge Street, where that particular stolen vehicle was known to frequent. Upon arrival, officers observed two individuals running on foot toward Telluride Street. Officers were able to catch up to these individuals and successfully detain them. One of these individuals was the driver of the vehicle that had previously eluded officers, and he was found to be in possession of blue M30 fentanyl pills. The stolen vehicle was later recovered by officers at 5:25 p.m.

Case Report 23-0337

On Jan. 19 around 2:30 p.m., officers were dispatched to a check well-being/suicidal party after dispatch received information from a probation officer that their client was suffering from a mental breakdown and was actively wanting to harm herself. Dispatch advised that the female also reported having a knife. Upon arrival, officers were able to locate the female who was in her bedroom visually distraught. Officers quickly located the knife and removed it from the area. The female was Spanish-speaking and the responding officers spoke Spanish as well. This helped officers build an excellent rapport with the female. They were able to encourage the female to seek mental healthcare on her own and left on her own accord with medical personnel. During this incident, the female's son told officers that he and other family members had been trying to convince the female to seek mental help for several weeks now, as she was in a dark place and he was extremely grateful for their help.

SECTION 2

MOTOR VEHICLE THEFT

Case Number	Report Created On	Location of Incident
12CN23000289	Jan 17, 2023, 1:26:28 AM	4900 BLOCK OF BOWIE DRIVE

TOTAL NUMBER OF ARRESTS: 33

THIS WEEK'S CRIME PREVENTION TIP

Would you like to help us solve crimes in your neighborhood?

Video surveillance has become extremely helpful in solving crimes, identifying perpetrators, and serves as valuable evidence in court. Police investigations frequently involve officers and/or detectives canvassing neighborhoods looking for cameras. Knowing ahead of time where cameras are located greatly speeds investigations by allowing officers and/or detectives to prioritize where to begin looking for evidence. Many times the best available video evidence isn't of the crime itself, but of pathways and streets leading into and out of the scene.

We encourage installing cameras on your property, and registering them with the Brighton Police Department. All registered information will be kept confidential and will only be viewed by police personnel strictly as an investigative tool to aide officers and detectives. [Register your cameras by visiting our website.](#)
